

Sample Promotional Poster

To assist in promoting a GEARING UP FOR SAFETY educational program an electronic sample promotional poster is included. This poster can be modified online with the scheduled date(s) and location. It can be printed off in color or black and white.

Experience has shown that placing this poster where youth and farm families regularly visit is most effective. These locations include:

- County Extension office
- Agricultural Education classrooms
- Local implement, chemical, feed and seed dealerships
- Local food stores
- Farm supply stores
- Livestock auction barns

Also included is a copy of a brochure that can be printed and distributed for use in helping farmers, ranchers, youth and educators in complying with the HOOAs.
